CARAN D'ACHE AND THE ART OF HAUTE ÉCRITURE

Since 1915, Caran d'Ache has perpetuated the art of writing and drawing with great passion. A flagship of Swiss manufacturing tradition, the company develops and produces all its Writing instruments and Fine Arts products in its workshops in Geneva under the "Swiss Made" label. Cultivating excellence, sharing passion, daring originality and embodying responsibility: these are the values of the Maison Caran d'Ache in the manufacture of its instruments. Durable, they are destined to accompany all generations in the free and authentic expression of their personalities.

The Haut Écriture instruments from Caran d'Ache embody one hundred years of constantly renewed know-how. Since the 1930s, the company has developed unique expertise in creating fountain pens, rollerball pens and ballpoint pens that are both aesthetically pleasing and ergonomically designed. The Haut Écriture Collections are true marvels, embodying the passion of craftsmanship, and combining the nobility of materials such as gold, palladium, platinum and rhodium with creativity.

The Varius, Léman and Ecridor Collections showcase all the talent of the master guillocheurs, lacquerers and polishers behind the bold originality of the shapes and materials. Ancestral knowledge guided by the tradition and passion of the company to create beautiful instruments. The chain mail, wood, gem stones, ceramic and Chinese lacquer give rise to outstanding instruments.

Caran d'Ache created prestigious Collections and numerous Limited Editions: From the Caelograph to the 1010 Timekeeper via the "Year of" creations and their tribute to Chinese astrology, these Haut Écriture instruments are pure works of art.

Quality and respect for the environment are an integral part of this production process. Once the different pieces have been produced, each Haut Écriture instrument is assembled by hand.

Caran d'Ache Writing instruments are a guarantee of distinction and prestige for anyone who uses them and wishes to write their story in their own distinct style.

Dive into the heart of our Haute Écriture expertise

EXPERTISE

THE ARTISTIC CRAFTS

ENGRAVING

The fine engraving that characterises Caran d'Ache writing instruments is the product of patient, meticulous work. The company's innovative techniques of milling and engraving with lasers or diamonds make it possible to produce a large variety of outlines and reliefs that bring a design to life by creating a delicate play of light and shadow. Whether it is guillochage or personalised engraving, each piece receives the same attention to detail, making the finished instrument a treasure of refinement.

POLISHING

A soft touch, comfortable writing and perfect design... sometimes sparkling, sometimes matt, each part of these Caran d'Ache products is carefully worked. All the writing instruments finished in precious materials are polished, which is also a very important operation when applying lacquer or Chinese lacquer.

THE UNIQUE EXPERTISE OF THE LACQUER MASTER

A finish that requires exceptional precision, lacquer gloriously enhances a writing instrument with an incomparable brilliance and its large palette of tints that Caran d'Ache is constantly extending. Because preparing and applying lacquer requires such extraordinary skills, the work of the lacquer master is uniquely valuable. It demonstrates the company's commitment to authenticity and excellence in every product it creates.

JEWELLERY

Setting diamonds, rubies, sapphires, emeralds, and engraving initials, a name, or even a short message... Caran d'Ache offers all lovers of rare objects the possibility of personalising their writing instrument. If they wish, they can choose the precious stones, which will then be set by a Geneva jeweller. Each personalised writing instrument is numbered, engraved and accompanied by a certificate. Gemstones used by Caran d'Ache are from controlled, ethical sources, are not involved in the financing of armed conflicts and conform to United Nations resolutions.

NOBLE MATERIALS

PRECIOUS METALS: SILVER, RHODIUM, PLATINUM, PALLADIUM

Caran d'Ache creations in silver or solid gold are systematically controlled by the Federal Office of Metals and are certified with its seal. Gold is the metal used in the most beautiful work produced by Caran d'Ache craftsmen. Like real goldsmiths, they sculpt it, decorate it, engrave it and polish it.

But Caran d'Ache also explores other horizons with rhodium, the metal in the platinum family whose hardness and rarity make it twice as expensive as gold. Extremely strong, it enables writing instruments to keep their brilliance over the years, protecting them from corrosion and rust, as well as abrasion and tarnishing. Rare, pure and inert, rhodium is the most exclusive of the precious metals used by the company.

CHINESE LACQUER

A natural, living product derived from the sap of the Rhus Vernicifera tree, Chinese lacquer regularly inspires the most beautiful creations of the Maison Caran d'Ache. Using traditional expertise inherited from the great oriental masters, the company is one of the very few in the world to have the secret. The multiple coats of lacquer are applied over a period of twelve days. Chinese lacquer, which may be natural colour or tinted with pigments of blue, black or red, embellishes lighters and writing instruments in the Varius collections as well as the limited editions.

ECRIDOR

Since the 1930s, the Ecridor writing instruments have been emblematic of the precious know-how of Caran d'Ache. Their sober and elegant hexagonal design is inspired by the shape of the pencils so dear to the Geneva-based company. The play of light and sparkle created by the perfect geometry of the symbols, so intense and inspiring, reflects the expertise of the master guillocheurs and polishers who give free rein to their talent. Whatever the metal covering the brass body and whatever the form (fountain pen, roller pen, ballpoint pen or mechanical pencil) and finely-engraved pattern on the instrument, there is an Ecridor to inspire each and every one of you.

- Four writing instruments:
 - Fountain pen, roller pen, ballpoint pen, mechanical pencil
 - Brass body and cap, available in various finishes
 - Flexible clip
 - Steel nib available in four distinct widths: EF, F, M, B
 - Can be customised by means of personalised engraving
 - Standard screen-printed case
- Includes:
- the user guide / warranty
 - two blue ink cartridges or one black Rollerball fine tip refill or black M Goliath refill
 - International warranty
 - Swiss Made

HERITAGE GUILLOCHE

The Ecridor Heritage is decorated with hexagons, a symbolic motif evoking the identity of the Geneva-based Maison. Like a kaleidoscope, the hexagon transforms into cubes revealing endless mirror perspective.

AVENUE GUILLOCHE

Adorned with harmoniously-aligned engraved cubes, Ecridor Avenue celebrates the paving in Geneva’s streets, highlighting a specific facet of the family firm’s exceptional know-how. With Ecridor Avenue, Caran d’Ache invites aficionados of beautiful objects to take a stroll through the streets of Geneva. The city and its carefully aligned cobblestones have been transformed into a hundred polished quadrilaterals, which are delicately arranged and engraved on the body of the pen. This sophisticated edition features certain attributes which recall exceptional Swiss know-how in another field: watchmaking. The squares – so delicate to the touch and reflective of the light – are reminiscent of the links of a watch strap, paying homage to the mastery of precision mechanisms. This design and finesse lend Ecridor Avenue a resolutely urban and contemporary style while nevertheless respecting tradition.

MAILLE MILANAISE GUILLOCHE

Popular in the watchmaking industry, the Milanese mesh embodies both a retro-chic style and a timeless elegance. The master craftsmen at Caran d’Ache have drawn inspiration from this pattern – created in the 17th century by Milanese goldsmiths – to lend the body of this iconic pen its own unique light. The refined lustre makes the Ecridor a highly exclusive accessory, echoing the aesthetics of fine watchmaking and leaving a lasting legacy.

RACING GUILLOCHE

Caran d’Ache unveils the Ecridor Racing, the first writing instrument boasting a total black look from the eponymous collection. Inspired by the sleek designs seen in the world of motor racing, this resolutely contemporary ballpoint pen once again highlights the creative force of the century-old company. The new Ecridor Racing asserts its motor racing genes: deep matt black body decorated with engravings inspired by radiator grilles, platinum finish profile attributes, intense red flashes and even the engine that will keep running well beyond 600 pages of A4. Swiss Made from our designers’ vision to production in the Swiss workshops, the Ecridor Racing is a series model with a strong, distinctive and resolutely masculine character. An ideal writing companion, this new pen will delight fans of objects that reflect their independent and dynamic spirit.

FLOWERS GUILLOCHE

The Maison Caran d’Ache presents Ecridor Flowers, inspired by the poetry of exotic gardens. Thanks to the expertise of artisans from the Swiss Manufacture, a luxuriant, heavenly natural environment places its radiant stamp on these emblematic Haute Écriture writing instruments. Since its creation in 1930, Ecridor by the Maison Caran d’Ache has celebrated the art of engraving on the hexagonal bodies of these iconic writing instruments. The master-craftsmen at the Geneva Manufacture apply their talent to unremittingly innovative techniques. The motifs displayed on the models in this emblematic collection reveal a series of universes that are inspiring, timeless, sophisticated and elegant. For the first time, Caran d’Ache combines two engraving techniques to create the plant motifs of which Ecridor Flowers is composed. Using a laser, the designs of leaves and petals are outlined with exceptional precision and delicate whiteness on the body of the ballpoint pen. The three different sizes of the stamens within the exotic flowers produce the radiance of precious stones.

ECRIDOR FLOWERS

Mechanism: Push button
Goliath refills: large, medium or fine (p.96)

LÉMAN

An expert in colours and media dedicated to the fine arts, Caran d'Ache also calls on all its talent to design writing instruments in exceptional colours. Since 1998, the Léman collection has embodied the richness of chromatic variations illuminating the shores of the lake so dear to the inhabitants of Geneva. A veritable homage to the most beautiful shades that nature has to offer, the Léman collection combines stunningly coloured varnishes with the brilliance of precious metals. Hand polished by the company's craftsmen, these writing instruments can also be enhanced through traditional guillochage and lacquering know-how, offering an explosion of shades and curves. Caran d'Ache has enhanced its collection of Haute Écriture Léman instruments with the Léman Slim range boasting a slender, refined outline for light and delicate writing comfort.

- Two collections: Léman & Léman Slim
- Four writing instruments per collection:
 - Fountain pen, roller pen, ballpoint pen and mechanical pencil
 - Body and cap made of thick gauge brass in different colours and finishes
 - Articulated clip, using a spring mechanism
 - Gold-plated or silver-plated, rhodium-coated finishes
 - Fountain pen nib in 18-carat gold, in five different widths: EF, F, M, B, (BB – Léman only and on request)
- Can be customised by means of personalised engraving
- Standard screen-printed case
- Includes:
 - the user guide / warranty
 - two blue ink cartridges or one black Rollerball fine tip refill or a black M Goliath refill
- International warranty
- Swiss Made

LÉMAN SLIM LIGHTS

Instantly recognisable by the finesse of its tapered curves, the Léman Slim Lights is decorated with baguette-cut diamond guilloché of incomparable radiance, plunging you into a world of jewelry full of sparkle and shine. An exceptional article consisting of an endless series of prisms magnifying the work of the Caran d'Ache craftsmen, which is comparable to that of the leading jewelry designers. Available as a fountain pen, ballpoint pen and roller pen, it is the embodiment of Swiss elegance and a subtle blend of tradition, boldness and sophistication.

LÉMAN BLEU MARIN
For more than 20 years, Caran d'Ache has been giving a brilliant tribute to the most beautiful shades of the Lake Geneva. Writing instruments elevated to the rank of must by the fusion of precious ancestral know-how emblematic of Caran d'Ache: the art of lacquering and guillochage. With Léman Bleu Marin, Caran d'Ache invites writing fans on a soothing journey as the unfathomable waters ripple in the wake of adventurous boats. Adorned in navy blue lacquer, its body displays a deeply textured guillochage for the very first time, subtly calling to mind the sailing boats scattered over the water.

VARIUS

An accomplished form and hexagonal body with a unique feel. Caran d'Ache's iconic Varius collection is the result of our passionate work of materials. Chinese lacquer, carbon fibre, chain mail, ceramic and more recently genuine rubber and ebony wood echo the precious coating of this writing instrument. A rare conjunction of striking design and superb writing comfort, Varius is the only collection to offer fountain pen nibs in six widths, turning the art of handwriting into a daily pleasure.

- Four writing instruments:
 - Fountain pen, roller pen, ballpoint pen, mechanical pencil
 - Brass body finished in various materials
 - Articulated clip, using a spring mechanism
 - Silver, rhodium, gold-plated and rose gold-plated attributes
 - 18-carat gold nib available in seven distinct widths:
F, M, B and nibs EF, OM, OB, BB upon request
 - Can be customised by means of personalised engraving
 - Standard screen-printed case
- Includes:
- the user guide / warranty
 - two blue ink cartridges or one black Rollerball fine tip refill or black M Goliath refill
- International warranty
 - Swiss Made

EBONY WOOD

Caran d'Ache unveils a new version of the Varius Ebony, which this time boasts Rhodium Silver attributes. This model embodies the ultimate contrast between the sculptural beauty of ebony wood and the sophisticated glow of silver metal. Entirely designed and realized in the Genevan workshops of Caran d'Ache, the Varius Ebony range is available in fountain pens with seven different pen widths, roller pens, ballpoint pens and pencil holders.

EBONY WOOD

Originating from the Asian and African rainforests, ebony is highly valued by artisans for its deep black colour and delicate feel. Caran d'Ache craftsmen magnify this noble wood with rose gold, revealing its subtle and precious grains.

VARIUS EBONY
PINK-GOLD-PLATED FINISH

CHAIN MAIL

In its innovative use of chain mail, Caran d’Ache has made the most of this legendary material that once protected medieval knights. Its woven links of stainless steel create a very pleasant texture in the writer’s hand. Chain mail even comes in a gold-plated version.

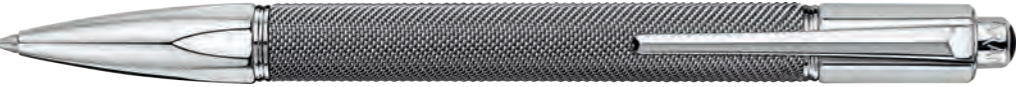

VARIUS IVANHOE
SILVER-PLATED,
RHODIUM-COATED FINISH

FOUNTAIN PEN / M-4490.014

Mechanism: Push button
Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p.96)

BLACK CHAIN MAIL

The body of the Varius Ivanhoe Black is covered in a micro-woven chain mail in deep black stainless steel (a Milanese sheath). Using a highly advanced technology, Caran d’Ache craftsmen have treated the steel to receive a black PVD coating that is both strong and beautiful. This process colours the fundamental structure of the steel giving it an extraordinary fineness that will remain eternally unchanged.

VARIUS IVANHOE BLACK
SILVER-PLATED,
RHODIUM-COATED FINISH

Refills: 0.7 mm graphite leads, HB or B and replacement erasers (p.96)

GENUINE RUBBER

This material has a strong character and contemporary, urban elegance. Its inclusion in the Varius design promises an eminently masculine stroke. The brilliant rhodium contrasts with the soft matte rubber allowing the Rubracer to meet the demands and requirements of today's men. A screw inserted in the body of the pen, the articulated clip on the cap, and the broader nib confirm the Varius collection's energy and modernity.

VARIUS RUBRACER
SILVER-PLATED,

CARBON FIBRE

Carbon fibre is the epitome of a modern material. Its lightness and outstanding rigidity give it an immediate appeal and Caran d'Ache uses it to create a new, high-tech interpretation of tradition. Removed from its normal environment of top-level sports, and linked with silver-plated and rhodium-coated elements, carbon fibre brings power and strength to the Varius line.

CHINESE LACQUER

Caran d’Ache is proud to be one of the very few Western manufacturers of writing instruments to use this wonderful material. Chinese lacquer gives a magnificent finish to lighters and writing instruments in the Varius collection as well as some limited edition. This natural product is derived from the sap of the “Rhus Vernicifera” tree. Caran d’Ache’s craftsmen have been inspired by the highly complex art of preparing and applying it in the manner of the great Eastern masters.

CERAMIC

For the past few years, high-tech ceramic has been employed in the production of watch cases. This material is highly valued by the watchmakers for its lightness, its resistance to scratches and its silky touch. When associated with metal, ceramic offers a subtle contrast of materials and an elegant lighting effect.

LIMITED EDITIONS

DRAGON

Caran d'Ache is once again paying tribute to Asian culture with the creation of a Fine Writing instrument in the form of the fifth sign of the Chinese zodiac: the Dragon.

Celebrated once every 60 years, it is the Wood Dragon that takes pride of place in 2024. Brimming with enthusiasm and tireless energy, the Dragon is the embodiment of strength and success. Every aspect of its life is characterised by its creativity and imagination.

The body of this Limited Edition is an intense red colour, meticulously applied by our master lacquerer. From this scarlet backdrop emerges the dragon designed by Caran d'Ache's ambassador, Jean-Philippe Kalonji. The fantastic creature and its scales are delicately engraved on several levels, adding relief to this exceptional piece.

The Dragon and the metallic elements such as the clip, the button and the body of the fountain pen and rollerball nib boast 18-carat gold plating, creating a contrast with the gleaming red lacquer.

The Dragon is a Limited Edition of 888 fountain pens and 888 rollerball pens, each one individually numbered. The figure 8 is synonymous of perfect balance. The Dragon Limited Edition is intended for collectors who are aficionados of Chinese culture born under the sign of Dragon.

The Dragon Limited Edition comes with:
- the user guide / warranty
- two blue ink cartridges or a black M Goliath refill

CHINESE ZODIAC

Caran d'Ache pays homage to the fine arts through its “Chinese calendar” collection, designed to bring the legend of the symbols of the Chinese zodiac to life. According to legend, the Jade Emperor invited all the animals to a mysterious gathering on New Year’s Eve. He wanted to organise a race between the different species to establish a hierarchy among the animals. Only twelve animals accepted the invitation. The Emperor then gave each animal a unique gift: henceforth, a year would be dedicated to them and would bear their name. This is how the order of the animal signs of the Chinese zodiac was established.

- 1. The Rat - 鼠 5. The Dragon - 龍 9. The Monkey - 猴
- 2. The Ox - 牛 6. The Snake - 蛇 10. The Rooster - 雞
- 3. The Tiger - 虎 7. The Horse - 馬 11. The Dog - 狗
- 4. The Hare - 兔 8. The Goat - 羊 12. The Pig - 猪

CHINESE LACQUER
Known since the 14th century BCE, the art of Chinese lacquer was developed during the reign of the Shang dynasty. The natural material comes from the sap of the “Rhus Vernicifera” tree, which is native to tropical Asia. Produced entirely by hand, the meticulous application of successive thin layers of lacquer requires unfailing patience. The hand polishing reveals its incomparable hues.

EDELWEISS

In 2024, Caran d'Ache invites you on a journey to the heart of the Swiss Alps with the creation of a beechwood instrument in the effigy of the emblematic mountain flower: the edelweiss.

Boasting a refined, noble decoration, Varius Edelweiss is a Limited Edition paying tribute to the natural heritage of the Alps. With a body made from Swiss beechwood engraved on three levels, it delicately and authentically reveals the plant's leaves. Noble (edel) and white (weiß), the edelweiss twines around the instrument, standing out in lacquer as white as snow applied by hand by the Caran d'Ache's master craftsmen. Amongst the leaves, the flower heads are represented by seven golden studs.

The latest addition to the Varius collection, Edelweiss embodies the art of noble materials and high technicity. This Limited Edition is capped off with a lacquered white button boasting a silver-plated, rhodium-coated finish, lending it refined look that lasts over time. The immutable rhodium covers the entire tip, the clip, the cap and the ring.

The Varius Edelweiss Limited Edition is available in three writing modes: ballpoint pen, roller pen and fountain pen. It is limited to 1,784 pieces – a tip of the hat to the date on which the name “edelweiss” came into being – and is engraved with the number “1 in 1784”.

Polished, lacquered, assembled and packaged by hand, Varius Edelweiss is a timeless creation intended for fans of Alpine art. The Swiss national flower, the emblem of Alpine guides and a protected plant since 1879, the little edelweiss embodies an entire part of Swiss cultural imagination, associated with numerous customs and legends, making this Caran d'Ache Limited Edition an icon of the Varius range.

SPIRIT OF SWITZERLAND

To mark its 100th anniversary, Caran d'Ache paid tribute to its country with a limited edition of writing instruments, Spirit of Switzerland. This symbolic creation presents 14 elements of Swiss cultural identity.

Located at the heart of Europe and home to the snow-capped peaks of the Alps and the Jura, Switzerland enjoys international renown through its exceptional know-how, its iconic products, its idyllic countryside and its humanistic spirit. Swiss culture is characterised by its rich heritage, the incredible beauty of its natural landscapes and the unrelenting quest for perfection and quality in all areas of life.

The limited edition dedicated to Switzerland featuring 14 figurative representations, emblematic of Swiss cultural identity. The figures appearing in relief, sculpted in solid silver and adorning the body of the pens, represent the emblematic sectors that make Switzerland and its cultural heritage shine across the world. The delicately carved figurative structure appears superimposed on the matt black lacquer body of the fountain and roller pens. Friezes engraved with Swiss crosses form delicate borders at the far ends of each part of the writing instrument. The Spirit of Switzerland limited edition consists of 100 numbered fountain and roller pens, in symbolic tribute to the 100th anniversary of the Maison Caran d'Ache.

OBERALP

Following the limited editions Poya and Rindya dedicated to the Swiss customs and Alpine traditions, the creation Oberalp salutes the refined expertise of the Caran d'Ache artisans in terms of figurative engraving. The Maison Caran d'Ache has developed the Oberalp limited edition in tribute to the Alpine spirit that is inextricably bound up with the intrinsic Swiss identity. The fascination of the mountains and its lively folklore, expressed through song, paintings, paper-cutting or the engravings on chalet façades, represent a living heritage that perpetuates the enduring Alpine spirit.

The Oberalp Pass

An iconic site within the Swiss Alpine heritage, the Oberalp Pass is located at an altitude of 2,044 metres at the very heart of the Swiss Alps. It links the Rhone and Rhine valleys along the watershed between North and South. From the start of the 19th century, Swiss alpine passes became the independent and neutral guardians of the major, transalpine communication routes. They continue to provide a crossing through the Alps to this day.

The Oberalp limited edition is dedicated to the mountain and Alpine spirit. A narrative frieze motif evokes the symbols of Alpine life and the idyllic scenery of the Swiss mountains. A second frieze, engraved on the other three sides of the pen, portrays the beauty of edelweiss flowers. Crafting these miniature frieze motifs reflects the finesse of the traditional Alpine art of paper- or wood-cutting. Each item is decorated with black lacquer applied entirely by hand. The body of the fountain pens and roller pens features the finely engraved outlines of three edelweiss blossoms. Paying symbolic homage to the highest point of the Oberalp Pass, Oberalp writing instruments are issued in a numbered series of 2,044.

RAINBOW

Caran d'Ache unveils the Varius Rainbow, a subtle tribute to colour magnified by all the company's know-how. The latest addition to the emblematic Varius collection and a veritable ode to noble materials, it is the culmination of the passionate work of craftsmen boasting age-old skills. Genuine must-have articles, the Varius Haute Écriture instruments combine technical innovation and sophisticated architecture in a surprising blend of textures. Precision and elegance offering unparalleled writing comfort – a wonder to hold and behold.

For this Limited Edition that truly reflects the company's DNA, Caran d'Ache has dreamed up an exceptional icon combining unique design and craftsmanship in a metamorphose of its core competency: the colour wheel. Colour after colour, the wheel takes the shape of twelve triangles delicately lacquered by hand by the master craftsmen at Caran d'Ache.

A work of incomparable precision in which lacquering, polishing and guilloché come together to form a dazzling kaleidoscope of shapes and lights. The fruit of a meticulous watchmaker's corona-effect guilloché of unrivalled radiance, the silver-plated rhodium-coated body of the Varius Rainbow is truly captivating. Meticulously engraved then lacquered, the enhanced sparkle of fine triangles reminiscent of pencil leads creates a stunning contrast on the faceted cylinder.

A writing instrument available as a ballpoint pen, fountain pen and roller pen, emblematic of Swiss know-how and finesse. Creativity and elegance are common values to Caran d'Ache and collectors of outstanding articles.

TROPHY

The Varius writing instruments have asserted themselves in the Caran d'Ache Haute Écriture collections, combining accomplished forms with unparalleled writing comfort. They showcase exceptional materials transformed by the most sophisticated techniques.

Caran d'Ache unveils Varius Trophy, a subtle reinterpretation of the world of golf and the latest addition to its emblematic Varius collection. A genuine ode to precious materials, the Varius collection is a labour of love of craftsmen displaying traditional know-how. Reflecting the company's creative spirit, these Haute Écriture instruments combine technical innovation and sophisticated design in a surprising blend of materials and textures. Precision and elegance offering unparalleled writing comfort – a pleasure to hold and a treat for the eyes.

For this Limited Edition, Caran d'Ache has dreamed up an outstanding hand-made instrument combining refinement and craftsmanship, which pays homage to the multidisciplinary profession of working with leather. A bold exploration of the codes of golf and its accessories, throwing the spotlight on this precious, sophisticated and top-quality material.

Ventilated gloves, the dimples of golf balls and a comfortable grip are transposed to the body of the pen. A metal body sheathed by hand in night blue leather, meticulously perforated and enhanced with delicate tone-on-tone stitching. The attention to details also emphasises the precious nature of the rhodium-coated silver finish and the unique Limited Edition number engraved on the pen. 1 in 336 – a subtle homage to the small dimples on the surface of a golf ball designed to prolong its flight.

This writing instrument, a genuine wearer of the very spirit and philosophy of golf, is available as a ballpoint pen, fountain pen and roller pen. Boldness, precision and elegance are values common to Caran d'Ache, aficionados of stunning golf courses and collectors of precious objects.

VARIUS PETER MARINO

Caran d'Ache unveiled two exceptional creations, Varius Peter Marino and Varius Peter Marino - Special Edition, dreamed up by the famous American architect, talented designer and lover of fine materials. The Varius writing instruments by Caran d'Ache are an intrinsic part of the designer's life. He has always used them to draw his magnificent buildings.

Caran d'Ache's iconic collection

Varius is the result of the passionate work with materials. The artisans exalts the noblest materials such as Chinese lacquer, carbon fibre, chain mail or ebony wood on the body of these fine creations. Precision, expertise and elegance are the hallmarks of this collection with superb writing comfort. The two Varius Peter Marino versions are covered with leather, which provides unrivalled comfort. The architect's rock 'n' roll world fuses with the spirit of Varius writing instruments to ink two creations, which are simultaneously modern, surprising and fashionable. The essential values of the Varius collection are nonetheless safeguarded. Original materials do full justice to a custom-made approach, and ancestral skills are applied to create high-end models.

The Varius Peter Marino - Special Edition, designed by the architect, reflects his unique personality. A hand-made lacing goes through rhodium and silver-coated eyelets. The cap is topped by a silver-plated, rhodium-coated skull with black onyx eyes, reminiscent of the many rings adorning Peter Marino's fingers. The bodies of the writing instruments are sheathed in French calfskin. A generic numbering system, 1/148 (one out of 148), evokes the address of the architect's Manhattan studio: 148 East 58 Street. This is engraved on the cap at a scale of 1/148 along with Peter Marino's handwritten signature.

**VARIUS PETER MARINO

FOUNTAIN PEN / M - 1653.491 (other nib widths available on request)

Nib: 18-carat gold, rhodium-coated
Refills: Ink and cartridges Chromatics Collection (p.92-95)

The body of these Haute Ecriture instruments is clothed in leather, carefully crafted to ensure unprecedented comfort. Like a nod to the world of fashion dear to Peter Marino's heart, a slim grey seam adorns the entire length of the instrument. A unique engraved limited edition number pays tribute to the date he set up his first New York studio: 1/1978 (one out of 1,978). The generic numbering is engraved on the cap at a scale of 1/1978 along with Peter Marino's handwritten signature.

1010 TIMEKEEPER

With the 1010 Timekeeper limited edition, Caran d'Ache has achieved a true technical exploit celebrating the encounter between Haute Écriture and Fine Watchmaking. Two art forms inextricably linked with Swiss heritage, embodying timeless ingenuity and technical virtuosity. Essential values handed down from generation to generation.

For this limited edition, Caran d'Ache pays homage to watch dials - repositories of the identity of exceptional timepieces. Guardians of the march of time, they faithfully accompany it down through the ages. The Maison Caran d'Ache has transposed the aesthetics of watchmaking culture in the discreet design of this unique writing instrument.

10 hours and 10 minutes: the ideal moment to stop the movement of the hands. Because the 1010 Timekeeper limited edition only reveals itself to those who can freeze time and make it all their own. A timeless, high – precision piece which gradually reveals itself. Caran d’Ache has reinterpreted the constituent elements of a watch dial on an original writing instrument. A journey around the dial, instantly plunging you into the world of Fine Watchmaking.

The 1010 Timekeeper limited edition displays its technical dimension on the silver and rhodium-plated body of the 500 pieces carefully crafted by Caran d’Ache artisans. Several elements of exclusive know - how are brought together in perfect harmony in this unique piece: guillochage, engraving, manual polishing, lacquering and PVD treatment. The 1010 Timekeeper limited edition boasts two silver and rhodium-plated caps that can be changed according to the user’s desire, just as you would change a watch strap. The first cap is inspired by the mesh design of metallic watch straps. The second cap echoes the codes of watch crowns used to set the time. Both caps are engraved with a generic numbering “1 in 500 pieces”.

1010 TIMEKEEPER
SILVER-PLATED,
RHODIUM-COATED FINISH

FOUNTAIN PEN / M - 1621.481 (other nib widths available on request)

CAELOGRAPH

Caran d'Ache unveils a unique Fine Writing instrument, the Caelograph, which combines technical expertise with design in exploring one of man's most fascinating passions: the sky. In its long tradition of innovation, Caran d'Ache has developed another exceptional writing instrument that demonstrates great creativity and expertise. Like inventors always searching for new solutions, the craftsmen at Caran d'Ache have worked closely with an astronomer to produce this unique instrument that explores the sky and the stars.

A personalised journey deep into the cosmos

Is it a writing instrument? A sky-watching tool? A work of art? The Caelograph is all of these. With a name that literally means "Write the sky" its ingenious mechanism allows you to see the position of the stars and the constellations at any given time, on any date. It brings alive the close, mystical relationship that has existed between man and the stars, Earth and sky, since the dawn of time.

As an instrument for writing and for observation, the Caelograph symbolises the union of arts and science, of the human being and the stars. Produced in three limited series, it is a compelling tribute to astronomy. The Caelograph features a sky chart that is delicately engraved on a night blue Chinese lacquer impregnated with silver particles. The grooves on the cap and the writing block are the hour lines typically found on sun dials. The pen’s tip is embellished with a compass rose while the clip takes the form of a compass needle, evoking the ageless link between navigation and astronomy.

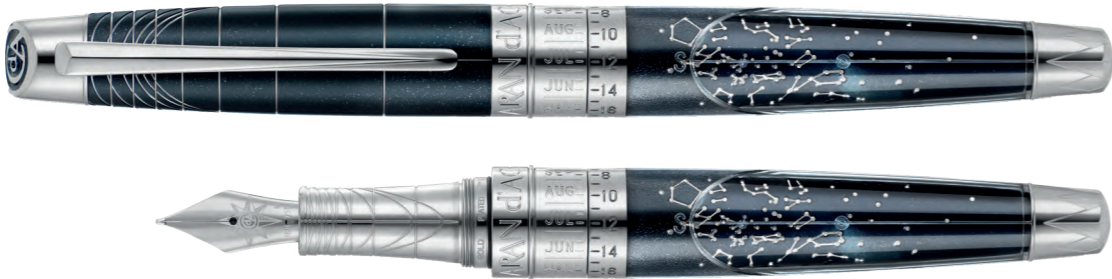

With great technical expertise, this exclusive invention presents a map of the sky in a design enhanced by a midnight blue Chinese lacquer. Apart from the natural requirement for accuracy, reproducing a flat map on the curved surface of a pen is a significant technical challenge. For the first time, the projection process known as Mercator has been applied to a writing instrument. In a second technical feat, Caran d’Ache has managed to represent, on a surface as small as the pen body, the 51 constellations and 353 stars visible from the northern hemisphere. And that is not all it does. The sky chart is mobile in order to indicate the position of the stars at any chosen time. This astonishing capability is made possible by an exclusive, highly ingenious mechanism based on two rings. One of the rings is mobile and is dedicated to the time, while the fixed ring is marked in days and months. By adjusting their position, the map can be set to the precise time and date required. A rotating semi-transparent sleeve reveals the visible part of the sky, indicates the horizon line, the compass points and the zenith.

The Caelograph case welcomes the new invention. Made of wood, gloss grey lacquered and screen printed. 3 removable wedges allowing each of these elements constituting the gift set to be positioned.

DELIVERED WITH THE CAEOGRAPH LIMITED EDITION:

- owner’s guide book and warranty
- two small ink cartridges or one black Rollerball fine tip cartridge
- a Caelograph leather pouch and a Caelograph brochure

LES CRAYONS DE LA MAISON

Caran d'Ache craftsmen regularly introduce new noble materials to create original limited collections of pencils. These exclusive collections invite you to discover the expertise of Caran d'Ache in the making of graphite pencils.

CARAN D'ACHE + MIZENSIR

Genève

In this latest edition, Caran d'Ache presents scented pencils in partnership with Geneva perfume-maker, Mizensir, which specialises in home fragrances and candles. The "Bois de Patchouli" fragrance, selected by Caran d'Ache, reveals the mystery of patchouli combined with cedar wood and gaiac wood, coated with a sweetness of burnt caramel.

WRITING ACCESSORIES

CHROMATICS

Within each new Caran d'Ache ink lies the expertise of a unique savoir-faire: the science of colours. Vibrant. Deep. Powerful. Sustained. From a bursting red to a radiant purple, from an empyreal turquoise to a fiery orange, Chromatics INKredible Colors impose their noble marks across the entire spectrum of light. Every inkwell is a prism, playing with the reflections of the light and intensifying the colour that it holds inside. Each personality submits to the caprices of evocative names that entice one inescapably away to voyage and discovery. Beyond their colours, the characters assert themselves through to the tip of the pen, and breathe life into the very page. The Art of Fine Penmanship is adorned in a colourful finery that vivifies the most beautiful pieces of written work.

12 colours / 50 ml ink bottle, with a hexagonal cap and inkwell / Ink bottle also available in sets of 6 or 12 colours / International ink cartridges (6 pieces per pack)

ACCESSORIES

LA COLLECTION DE LA MAISON

To create its latest collection of leather goods, Caran d’Ache has combined its know-how with the talent of Isaac Reina, the internationally renowned designer famous for his modern and distinguished style. Adopting an approach inspired by industrial architecture and aesthetics, this intuitive creator has subtly revisited the codes of the Geneva-based company to create a collection boasting a highly contemporary and minimalist style. “La Collection de la Maison” includes accessories and luggage, which reflect a chic and relaxed lifestyle.

Dreamed up in the designer’s Parisian workshops, this new range is made from smooth and supple leather in the pure tradition of ancestral know-how.

THE SPIRIT OF THE WRITING INSTRUMENT

SPIRIT OF EXCELLENCE

All the leather collections of the Maison are made in the fine tradition of luxury leatherwork. A European high-quality calfskin has been used to manufacture the Caran d’Ache accessories. The traditional tanning processes make the leather soft to the touch, bright and naturally smooth. Leather is a living material; its appearance can differ according to the veins and colour nuances and it acquires a patina over time. The surface of the brass metal parts receives a protective coating.

Designed in Isaac Reina’s workshops in France / The selected leather is a European high-quality calfskin leather with mineral tanning from Italy / All metallic parts are made in Italy

THE “SIGNATURE” DETAILS OF THE COLLECTION

The natural appearance of smooth calfskin leather in 3 colours – black, midnight blue and beige – is a pleasure to be seen. Its suppleness and mineral tanning make it soft and pleasant to the touch. Each item is punched with a mark, a tip of the hat to the workers who stamp the pencils produced by the Geneva-based company. The hexagon, a key symbol of Caran d’Ache, is a simple sign identifying all the finishes in this leather goods collection. Red stitching is a subtle reminder of the original Caran d’Ache colour on all accessories and luggage.

LA COLLECTION LÉMAN

Vivid leather colours, deep intense shades... A fresh wind blows on Caran d'Ache accessories with this line of small leatherware that matches the writing instruments. Pen cases, card holders, and wallets in grained calfskin reject all trace of austerity. In a rainbow of colours, the Léman range gives the leather a contemporary feel, full of charm and joyful elegance.

Grained calfskin leather / Saddle stitching / Jacquard lining / Palladium-coated metal parts / One-year international warranty from the date of purchase / Manufactured in Europe

SERVICES

PERSONALISED ENGRAVING

Numerous Caran d’Ache writing instruments can be engraved on request to the Brand retailers. On the opposite side the clip, the company’s craftsmen have taken care to leave a space intended for personalised engraving.

This is where the customer can give free rein to his or her imagination. A name, a date or a short message... the writing instrument becomes a highly personal object, unlike any other.

TYPEFACES OF THE MAISON CARAN D’ACHE

USUAL FONTS:

Helvetica

Book Antiqua

CURSIVE FONTS INSPIRED BY HAND WRITING:

Script Filaire

Monotype Corsiva

VARIUS:

- Engraving on the cap
- 3 typefaces available (Helvetica / Book Antiqua / Script Filaire)

LÉMAN / LÉMAN SLIM:

- Engraving on the cap in the colour of the attributes
- 3 typefaces available (Helvetica / Book Antiqua / Script Filaire)

ECRIDOR:

- Engraving on the cap
- 3 typefaces available (Helvetica / Book Antiqua / Monotype Corsiva)

Typefaces and the number of characters may vary depending on the collection.

CORPORATE GIFTS

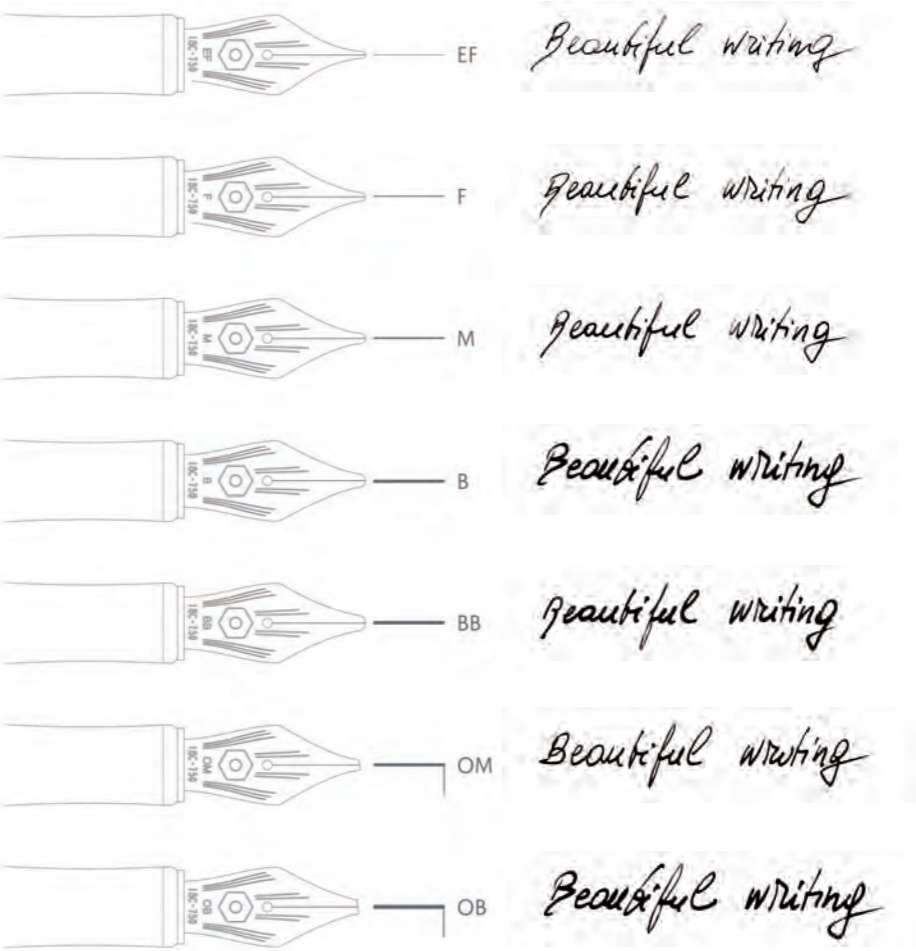

The name itself represents a prestigious, educational world and is now a synonym for excellence and creativity. More than simply a brand, the Swiss company has imposed its own style: a “Maison de Haute Écriture”. With more than 200 writing instruments for both top-of-the-range luxury market and for the office, Caran d’Ache can propose many personalised gifts which are sure to capture attention. If you wish to thank your clients and keep their loyalty, or invigorate your sales team, have a look through our special catalogue and ask us for a quotation.

FOUNTAIN PEN NIBS

The most authentic form of writing, showing every variation in pressure and speed, is that of the fountain pen. A pen moulds itself to its user’s writing, which is why Caran d’Ache offers a range of widths for its hand-made and hand-polished nibs offering their owners exquisite writing comfort.

- Nibs made from rhodium-plated steel, 18-carat gold, rhodium-plated 18 carat gold or 18-carat pink gold-plating
- For the Ecridor, the nibs are made from rhodium- or silver-plated stainless steel
- For the Ecridor and Léman, the nibs are available in 5 tip sizes: EF, F, M, B, BB
- For the Varius, the nibs are available in 7 tip sizes: F, M, B and EF, BB, OM, OB on request
- Unparalleled writing comfort recognised worldwide

INTERNATIONAL WARRANTY AND REPAIR WORKSHOP

Lovers of handwriting often develop a real attachment to their pens. For this reason, our after-sales technicians do their very best to repair them whenever possible, only replacing them as a last resort. Repairs under warranty are free of charge and other repairs are only carried out after the client has accepted a cost estimate.

Caran d'Ache writing instruments are inspected and tested at each stage of production. When they leave the Geneva workshops they are in perfect condition and are warrantyd against any manufacturing defects. An international warranty certificate accompanies each instrument.

HOW TO FILL IN THE WARRANTY CERTIFICATE ?

- Product: product reference
- Date of purchase: month / year
- Finishing: gold, silver, gold-plated, silver-plated, palladium-coated, platinum-coated etc.
- Dealer's stamp: from the retailer

INTERNATIONAL WARRANTY EXTENSION

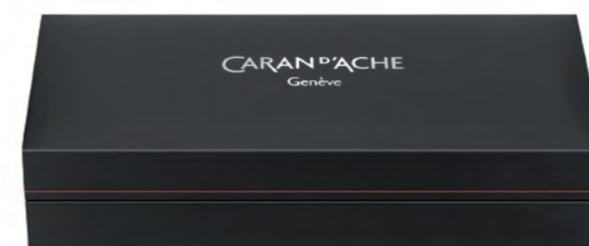

Alternatively, you can scan the QR CODE to download the user manual and activate the international warranty extension.

PACKAGING

To meet the needs of our partners and their customers, Caran d'Ache provides easily identifiable packaging for each of our writing instruments with a consistent choice of colours, optimal sizes, designs and top-of-the-range materials. Black cases highlighted with Caran d'Ache logo in hot silver makes a high-quality presentation for all writing instruments reinforcing the Brand's image carefully preserved over several generations.

- Red shopping bags with black handles (available in 3 sizes)
- Gift pouches with adhesive closure (available in 3 sizes)
- Red or white satin ribbon with embossed logo
- Reversible red and black wrapping paper with logo

THE MERCHANDISING

Our merchandising concept for writing instruments reflects a recent realisation by the company: the opportunity to present all our products and ranges in the same place and with the same identity.

To mark its centenary in 2015, Caran d'Ache unveiled a new, single logo for all its products. This logo, (while drawing on the history of the Brand) is clear, sober and modern, offering new visibility. It is sometimes also accompanied by the hexagonal isotype, directly inspired by the iconic pencils by Caran d'Ache.

It is against this backdrop, and with a desire to juxtapose our three worlds in a coherent manner, that the global retail concept has been defined. The Haute Écriture concept is thus the fruit of this new juxtaposition and adapts to the new codes and new identification. It, too, is clear and modern.

THE MERCHANDISING CATALOGUE

The aim of this document is to incorporate all the tools and guidelines in order to ensure optimum presentation of our writing range in our corners, our furniture or in any presentation space.

Brochure available as a PDF file.
